Inside Panel

Inside Panel

Front Panel

Bleed
For borderless edges, extend images, photos and/or solid background colors 1/8" beyond the edge of the page. This area (yellow) will be trimmed during the finishing process. It should not contain any information you intend to be seen or read.

Trim
Edge of page.

fold

Copy margins
We recommend keeping copy 1/8" in from fold lines in most cases.

fold

Margin
For best results keep text and images that must be seen and read at least 1/8" from edge of page.
