Place this template
in a separate layer
in your layout program
and **delete or turn off**
before sending/exporting
your file.

← Margin

For best results keep text and
images that must be seen
and read at least 1/8" from
edge of page.

Bleed →

For borderless edges, extend images,
photos and/or solid background colors
1/8" beyond the edge of the page. This
area (yellow) will be trimmed during
the finishing process. It should not
contain any information you intend to
be seen or read.
